SUMMARY

As a recent Computer Science graduate with a 4.98 GPA, I am an aspiring Cloud Computing Engineer with internship at SDAIA, adept in managing cloud platform operations and optimizing infrastructure. Proficient in tools like VCenter, VMware Cloud Director, VMware vSphere, DNS, SCCM, and Active Directory. Seeking a Cloud Computing role at leading IT companies to leverage cloud infrastructure management skills and enhance operational efficiency.

EXPERIENCE

Member of the Quality and Training team

Google Developer Student Clubs (GDSC)

September 2023 - June 2024, Shaqra University

- Course Execution: Web Development | Jan 2023

Volunteer

National Platform For Voluntary Work

April 2022 - June 2024, Shaqra

- Contributed 250 hours of voluntary service to the National Platform for Voluntary Work, supporting various community initiatives.
- Engaged in cybersecurity awareness, organized an IoT Hackathon, and contributed to Google Developer Student Club initiatives.

Cloud Computing Specialist Intern

SDAIA (Saudi Data and Artificial Intelligence Authority), Cloud Computing (DEEM)

July 2023 - August 2023, Riyadh

• Cloud Platform Operations Department:

- Managed cloud platform operations, focusing on optimizing performance and efficiency.
- Utilized tools such as VCenter, VMware Cloud Director (VCD), and VMware vSphere for infrastructure management.
- Develop and maintain cloud infrastructure, including virtual machines, storage, and network configurations.

• Cloud Computing Infrastructure Operation Department:

- Proficiently handled Domain Name Service (DNS), System Centre Configuration Manager (SCCM), and Active Directory for infrastructure management and configuration.

EDUCATION

Bachelor of Computer Science, Artificial Intelligence Track

Shaqra University • Shaqra, Saudi Arabia • 2024 • GPA: 4.98 out of 5.0

- Achieved first place at the Programmers Hackathon, recognizing the team's collective effort, dedication, and expertise.
- Awarded a certificate of excellence for outstanding performance in my graduation projects.
