FAHAD ALMISHKHAS *Computer Engineer*

✉ fahad.su.sa.ab@gmail.com   📞 +966 53 339 7527   📍 Saudi Arabia, Riyadh

PROFILE

Computer engineering fresh graduate. I am equipped with the skills to make a meaningful impact.

WORK EXPERIENCE

I trained at the Secondary Industrial Institute and the branch of the Technical College in Shaqra   06/2023 – 08/2023
1-Maintenance
2-Networks
- Work as a team
- How to deal with maintenance problems and how to solve them
- Completing tasks according to priority
- Dealing with laboratory equipment and what are the basic needs for its operation
- Creating a work plan to maintain the laboratory, networks, servers, and routers
- Pre-coordination with the internet operator to maintain the stc data center before the start of the training year
- Maintaining the confidentiality of the data provided by the competent engineer
- Develop a worksheet and the extent of daily, weekly and monthly achievement

EDUCATION

Bachelor of Computer Engineering and Networking   09/2019 – 06/2024
Shaqra University
- GPA 4.05 / 5.00
- Obtained one of the best graduation projects

CERTIFICATIONS

PCAP: Programming Essentials in Python (2020)
Learn C Course - code cademy (2023)

GRADUATION PROJECT

An AI-Enabled Proctoring System design for Academia
- AI algorithms for monitoring examees
- Raspberry-Pi 5 deployment
