Abdulrahman AlDuayj

Computer and Network Engineer

✉ a.a.duaij1@gmail.com 📞 +966 56 562 6833 📍 Riyadh, Saudi Arabia in Abdulrahman AlDuayj

SUMMARY

Computer engineering fresh graduate. I am equipped with the skills to make a meaningful impact.
I have positively benefited from my AI projects, I am actively seeking opportunities to apply my knowledge.

EXPERIENCE

Collaborative Training.   Jul 2023 – Sep 2023
Ministry of Health, Department of E-Health, Riyadh, Saudi Arabia.
- Collaborated with cross-functional teams to design and execute a network infrastructure
  upgrade project, enhancing overall system reliability and performance.
- Assisted in the deployment and maintenance of electronic health record (EHR) systems,
  optimizing database performance and ensuring data security protocols were adhered to.
- Participated in the planning and execution of disaster recovery drills, testing network
  resilience and ensuring continuity of critical health services during emergencies.

EDUCATION

Bachelor of Computer and Network Engineering.   Sep 2019 – Jun 2024
Shaqra University.
- Excellent Grade, GPA of 4.83 / 5.00
- First Class Honor.

CERTIFICATES

AI for Everyone — Coursera (2024)

Foundations: Data, Data, Everywhere — Coursera (2024)

TCP/IP and Advanced Topics — University of Colorado (2023)

AWS Academy Cloud Foundation — Amazon Academy (2023)

Blockchainn Teconology — Ministry of Communication and Iformation Techology (2023)

Introducatio to Packet Tracer — Cisco (2021)

GRADUATION PROJECT

V-MOVE: Voice-Activated Wheelchair.
- Voice-controlled wheelchair development: Designed a system using a microcontroller and Bluetooth for hands-free
  mobility.
- Safety integration: Implemented ultrasonic sensors and an "SOS" voice command for enhanced user safety.

SKILLS

- Problem-Solving Skills.
- Team Leadership.
- Network Design.
- Flexibility and Adaptability.
- Microsoft Office.
- Communication Skills.

LANGUAGES

- Arabic.
- English.
